Accident Insurance Plan

Issued by The Prudential Insurance Company of America

Accidents happen—and protecting yourself ahead of time can make a huge difference financially. Even with health insurance, chances are you'll need money to cover out-of-pocket deductibles and co-pays, not to mention non-medical expenses that accompany an unexpected injury.

Accident insurance complements your health insurance, especially if you have a high-deductible plan. It provides payments for specific injuries and treatments, and can make medical care more affordable.

Benefits are paid directly to you, so in addition to helping with medical costs not covered by insurance, you can use the money to cover anything from prescriptions to everyday living expenses.

Features

- Fits any budget. Plans start at under \$10 per month
- Family coverage. Help protect your entire family for less than \$25 per month
- Anyone can qualify. There are no medical questions or physical exams
- Choose any doctor. You are free to go to any provider
